Product/ UI UX Designer

MARYAMUL AASIA

Product/ UI UX Designer

Product designer focused on **AI, SaaS, and mobile products**, turning complex workflows into clear, intuitive experiences. I work across research, UX strategy, interaction design, visual design, prototyping, and responsive systems.

WHAT DRIVES ME

My Values

Curious
I dig into the problem before designing the solution.

User Centered
Design decisions start with real user needs.

System thinking
I turn complex workflows into clear experiences.
